Day per Day Plan

Day1: Arrival / Amman

Arrival at Queen Alia Airport. Meet and assist by our representative. Transfer to your hotel in Amman for dinner & overnight.

Day 2: Amman City Tour / Dead Sea / Kerak / Petra

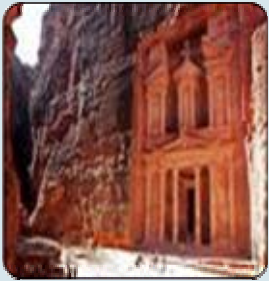

After breakfast, will start our day with a city tour of Amman: taking in the citadel, and descending to the downtown with the Amphitheater and colonnaded street and a short walk to discover the "Souk". Then a drive through modern Amman.

We then move along to continue our tour to include the Dead Sea situated at the lowest point on the surface of the earth, 1300 feet below sea level. There one can enjoy a float in the warm salty waters of the sea, where one can never sink. An experience one should never miss.

We continue south through Wadi Mujib to Kerak with its famous crusader castle. And finally we head towards the most spectacular site in the South of Jordan: the rose red city of Petra. Dinner & overnight in your hotel in Petra.

Day 3 & 4: Petra

Two full days to explore, discover Petra, hiking around the spectacular sites of the 'Rose Red City' and enjoy the superb scenery of the less visited surrounding area. The site is approached from the town of Wadi Musa through a narrow gorge called "The Siq". In places the canyon walls are no more than 10 feet apart and tower ahead, seeming to almost meet. Quite suddenly the canyon opens out and you see the "Treasury", one of the best preserved of the rock-carved tombs. There are too many other fine sites to list here, around every corner it seems is another beautiful tomb or building.

There are several High places worthy of the walk to them, notably the high place of Sacrifice, and the Monastery. Even if you are not really into ruins, the scenery is just superb. During these 2 days, your dinners and overnight will be in your hotel in Petra. .

Day 5: Petra / Wadi Rum

After breakfast, proceed to the magnificent Wadi Rum, a unique valley of colored sand dunes surrounded by beautiful rugged mountains. The mountains here are of sandstone, rising steeply from the sandy desert floor, and carved by the elements into towers and vertical walls of over a thousand feet and split by echoing ravines and canyons. We tour the desert in 4x4's Bedouin Jeep tour. Dinner and overnight under Bedouin Tent.

Day 6 & 7: Wadi Rum

Two days to explore different, often remote, areas of the desert and mountains, including hiking and scrambling on Jebel Um Ishrin and Burdah Arch, a traverse of Jebel Hash and an ascent of Jebel Al Adami, the highest pick in Jordan. There will be some easy scrambling involved on most days. Nights out under the stars, watching the sunrise over the desert will be a memorable experience.

Day 8: Wadi Rum / Aqaba

Return to Wadi Rum Village by camel. End of the day, drive to Aqaba for dinner and overnight.

Day 9: Aqaba

Free day in Aqaba to relax under the sun on the sandy beach. Plus, of course, there are plenty of other water-sport activities available. You can experience some of the best snorkeling and diving in the World. The temperate climate and gentle water currents have created a perfect environment for the growth of corals and a teeming plethora of marine life. Dinner and overnight in Aqaba

Day 10: Departure

After an early breakfast, drive back to Queen Alia Airport (4 hours) for departure.
